EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Obert Chu (Reg. No. 52,744) on August 30, 2007.

The application has been amended as follows:

Cancel non-elected claims 5-8, 11, 14, and 17-20.

Reasons for Allowance

2. Claims 1-3, 9-10, 12-13 and 15-16 are allowed. The claims will be renumbered as 1-9.
3. The following is an examiner's statement of reasons for allowance: as applicants properly point out on page 10 of the remarks, that the reference to Pan "fails to disclose the recitation "calculates a difference between the distribution of positions of the feature points extracted from an image of the object to be detected in a frame at least one frame before a current frame and the distribution of positions of the feature points extracted from an image of the object to be detected in the current frame" as recited in claims 1 and 15; and Pam also fails to teach or suggest "outputs the control information corresponding to the calculated difference" and "information corresponding to amount of movement of the object to be detected in an axis direction perpendicular to the detection surface," as recited in claims 3 and 16 of the present application. Hence, and in view of applicants' amendment, arguments, and in combination with

all of the other elements of the claims, the anticipatory and obviousness rejections thereof to independent claims 1, 3 and 15-16 are withdrawn, making independent claims 1,3 and 15-16 allowable over the prior art of Pan, and since dependent claims 2, 9-10, and 12-13 further restrict independent claims 1 and 3 they are allowable also for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
